

Eco Nature Kraft Ripple Hot Cups FOR 10, 12, 16, 20 oz cups. Hy Pax Eco

Nature Kraft Ripple Hot Cups are one of the most innovative cups ever

produced and manufactured from corrugated food grade paper. Our cups are attractive and easy to handle and come in a natural brown colour. Tired of cumbersome cup sleeves? Our cups are perfect for hot drinks like coffee, tea and soup. The layers of cupboard ensure fingers and thumbs are not burnt when drinking. Made for coffee to go market. Extra insulation for use with hotter drinks. Unique ribbed design of the cup mean that the cup does not heat up or become too hot to hold as with a single wall cup. Corrugated paper wrapping provides increased hand-comfort and heat insulation. Environmentally friendly, a compostable and recycling alternative to polystyrene. Black dome lids available.
